CHAPTER ONE GENERAL PROVISIONS

Article One (Purpose)

1.1 This ruling, based upon the provisions of Article 3-2, Paragraph 2 of the Ruling on the University of Aizu, shall provide for necessary matters with respect to the University of Aizu Graduate School (for the purpose of this ruling, hereinafter referred to as the "UNIVERSITY GRADUATE SCHOOL")

Article Two

(Graduate School, Graduate Departments and Programs)

2.1 The Graduate School of Computer Science and Engineering (for the purpose of this ruling, hereinafter referred to as the "GRADUATE SCHOOL") shall be established within the UNIVERSITY GRADUATE SCHOOL.

2.2 The following graduate departments shall be established within the GRADUATE SCHOOL:

- (1) Graduate Department of Computer and Information Systems
- (2) Graduate Department of Information Technologies and Project Management

2.3 The programs offered at the UNIVERSITY GRADUATE SCHOOL shall be collectively referred to as the Graduate Programs.

2.4 The Graduate Programs offered in each graduate department shall be separated into the two

programs, namely, the Master's Program and the Doctoral Program.

2.5 Notwithstanding the provisions of Paragraphs 2.3 and 2.4 above, the Doctoral Program shall not be established in the Graduate Department of Information Technologies and Project Management.

Article Three
(Internal Evaluations, Etc.)

3.1 For the purpose of improving educational/research standards and achieving the objectives of Article Four below and its social missions, the UNIVERSITY GRADUATE SCHOOL shall conduct internal investigations and assessments regarding the status of education, research, and other activities at the UNIVERSITY GRADUATE SCHOOL.

Article Four
(Objective)

4.1 The objective of the UNIVERSITY GRADUATE SCHOOL, taking advantage of its international environment, shall be the education and research in theory and application in computer science and engineering, nurturing of outstanding researchers who are learned in areas of specialization and highly advanced specialists, and world-class contribution to advancement of academia and culture and to industrial development.

4.2 The Master's Program, based on broad, social and technical perspectives, shall aim at providing highly-developed specialized knowledge of computer science and engineering and methods for application thereof, improving students' abilities to apply acquired knowledge to an IT-centric society, and fostering technicians with entrepreneurial spirit.

4.3 The Doctoral Program, on the basis of education attained at the Master's program, shall aim at providing education and research in advanced theory and applications in computer science and engineering, and fostering of researchers competent to engage themselves in highly-specialized services and promote research and development deserving of international evaluation.

Article Five
(Admissions Capacities)

5.1 The student admissions capacities of the GRADUATE SCHOOL shall be in accordance with the following.

Graduate Department	Program	Admissions Capacity	Department Capacity
Computer and Information Systems	Master's Program	100 students	200 students
	Doctoral Program	10 students	30 students
Information Technologies and Project Management	Master's Program	20 students	40 students

CHAPTER TWO
FACULTY ASSEMBLY OF THE GRADUATE SCHOOL OF COMPUTER SCIENCE AND ENGINEERING
AND
GRADUATE DEPARTMENT FACULTY COUNCILS

Article Six

6.1 The Faculty Assembly of the Graduate School of Computer Science and Engineering (for the purpose of this ruling, hereinafter referred to as "FACULTY ASSEMBLY") shall be established within the GRADUATE SCHOOL.

CHAPTER EIGHT
COMPLETION AND DEGREES

Article Thirty-Five
(Completion)

35.1 The University President shall authorize the completion of the Master's Program of students, who have been enrolled at the Master's Program for at least two years (as for those admitted under the provisions of Article 17 or 18 herein, the number of enrollment years required for completion of the program stipulated in Article 19 herein), acquired the number of credits provided for in Article 25 herein, and, after receiving the necessary RESEARCH GUIDANCE, passed review of the Master's Thesis or achievements made in specific

research themes and the final examination, corresponding to goals of the relevant Master's Program. As for the students who have made outstanding achievements, enrollment at the Master's Program for at least one year shall be sufficient.

35.2 When a student is recognized as having completed part of the curriculum of the Master's Program of the UNIVERSITY GRADUATE SCHOOL by earning credits at other graduate schools prior to admission (limited to credits earned after being eligible for admission) based on Paragraph 28.2 herein, it shall be possible to regard the student as having been enrolled at the Master's Program for a period not exceeding one year designated by the Master's Program of the UNIVERSITY GRADUATE SCHOOL, taking into consideration factors such as the number of earned credits in question and the period required to earn them. Even in this case, the period of enrollment in the Master's Program shall be at least one year.

35.3 The University President shall authorize the completion of the Doctoral Program of students, who have been enrolled at the Doctoral Program for at least three years (as for those admitted under the provisions of Article 17 or 18 herein, the number of enrollment years required for completion of the program stipulated in Article 19 herein), acquired the number of credits provided for in Article 25-2 herein, and, after receiving the necessary RESEARCH GUIDANCE, passed review of the doctoral dissertation and the final examination.

As for the students who have made outstanding achievements, enrollment at the UNIVERSITY GRADUATE SCHOOL for at least three years in total shall be sufficient. This does not apply to those admitted to the Doctoral Program in accordance with the provisions of Article 13, Paragraph 3, Item 2, 3, 4, 5 or 6 herein and to those admitted under the provisions of Article 17 or 18. The three-year enrollment period mentioned above shall include the number of years they were enrolled at the Master's Program (including the number of years at the master's program of other universities; the same shall apply hereafter). With respect to those who completed the Master's Program after the enrollment for two years or longer, the enrollment for two years at the Master's Program shall be included in the said three-year GRADUATE SCHOOL enrollment. With respect to those who completed the Master's Program with outstanding achievements mentioned in Article 35.1 above, the number of years of enrollment at the Master's Program shall be included in the said three-year GRADUATE SCHOOL enrollment. As for students admitted to the Doctoral Program in accordance with the provisions provided for in Article 13, Paragraph 3, Item 2, 3, 4, 5 or 6 who made outstanding achievements, enrollment at least one year at the UNIVERSITY GRADUATE SCHOOL shall be sufficient.

Article Thirty-Six (Degrees)

36.1 The University President shall award a Master's degree (in Computer Science and Engineering) to the students whose completion has been authorized under the provisions of Article 35, Paragraph 1 and 2 above.

36.2 The University President shall award a Doctoral degree (in Computer Science and Engineering) to the students for whose completion has been authorized under the provisions of Article 35, Paragraph 3 above.

36.3 Other than those provided for in the preceding paragraph, the President may award a Doctoral degree (in Computer Science and Engineering) to individuals who submit academic degree dissertations for review and pass both the review and the final examination, and who are recognized as having academic achievements equal or superior to those possessed by individuals who completed the Doctoral Program of the UNIVERSITY GRADUATE SCHOOL.

Article Thirty-Six-Two (Teaching Certificate)

36-2.1 Students planning to be qualified for a teaching certificate must earn the academic credits provided for in Education Personnel Certificate Act (Law No.147, 1949) and the Ordinance for Enforcement of
