- Improve English communication skills in Business contexts;
- Boost confidence in learning and speaking English;
- Apply what they have learnt into Internship at host companies.

Key highlights:

- Highly interactive classroom
- Listening & speaking skills focus
- Fun and practical lessons

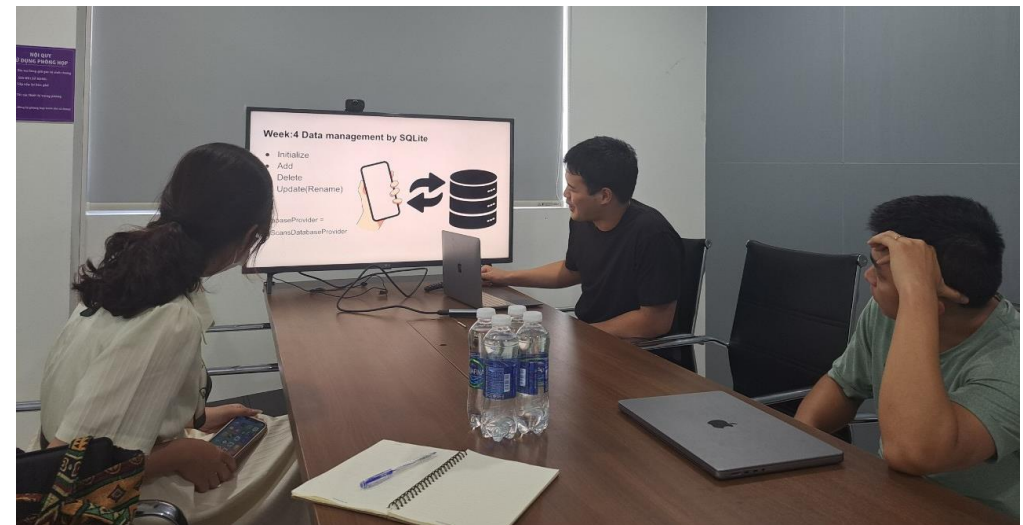

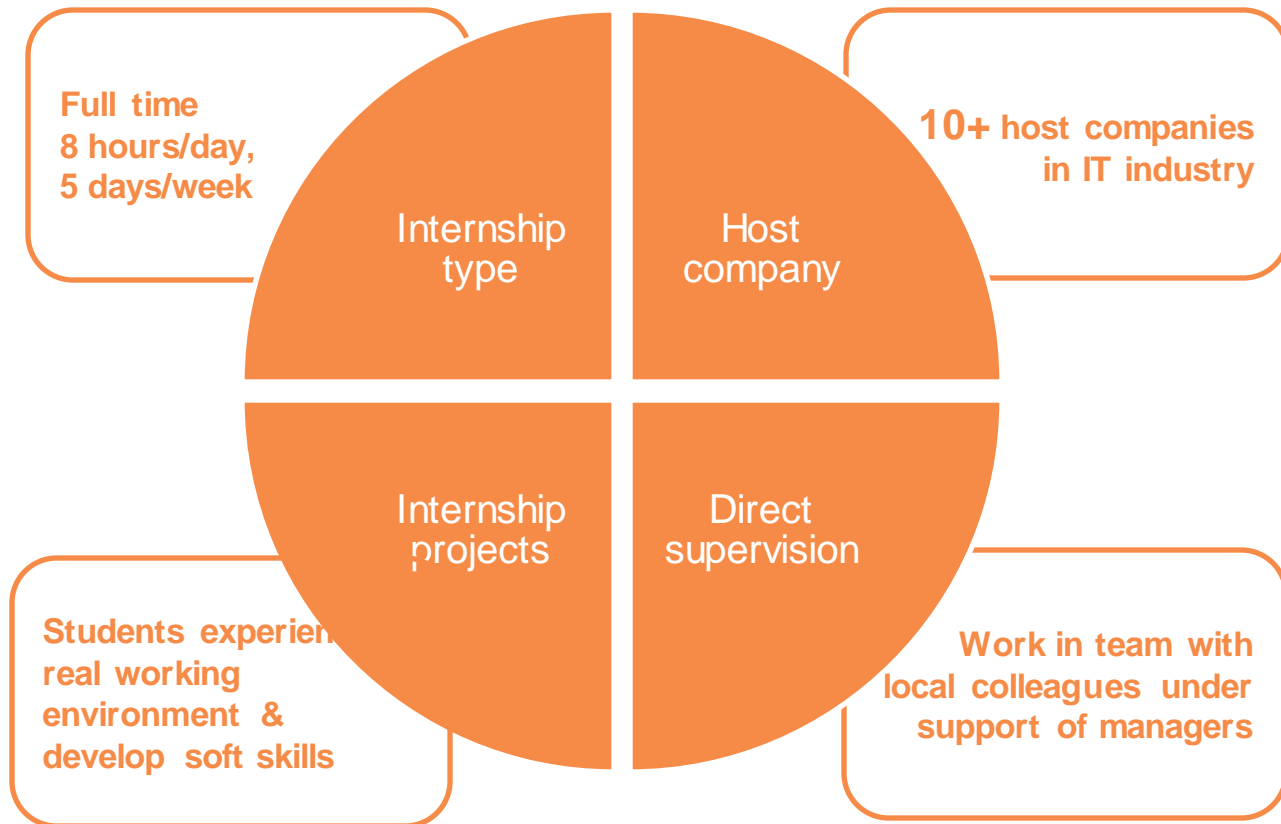

LECTURE/WORKSHOP

With the purpose to support students **achieve their goals, gain international experience and broaden valuable network**, a series of 2 pre-internship lecture/workshop is designed to help students not only **understand and adapt well to the new working environment** but also **equip them necessary skills to be effective in work.**

INTERNSHIP AT HOST COMPANIES

Sample tasks in IT positions

(This field is only for students with relevant education majors such as Computer Science, Informatics Science, etc)

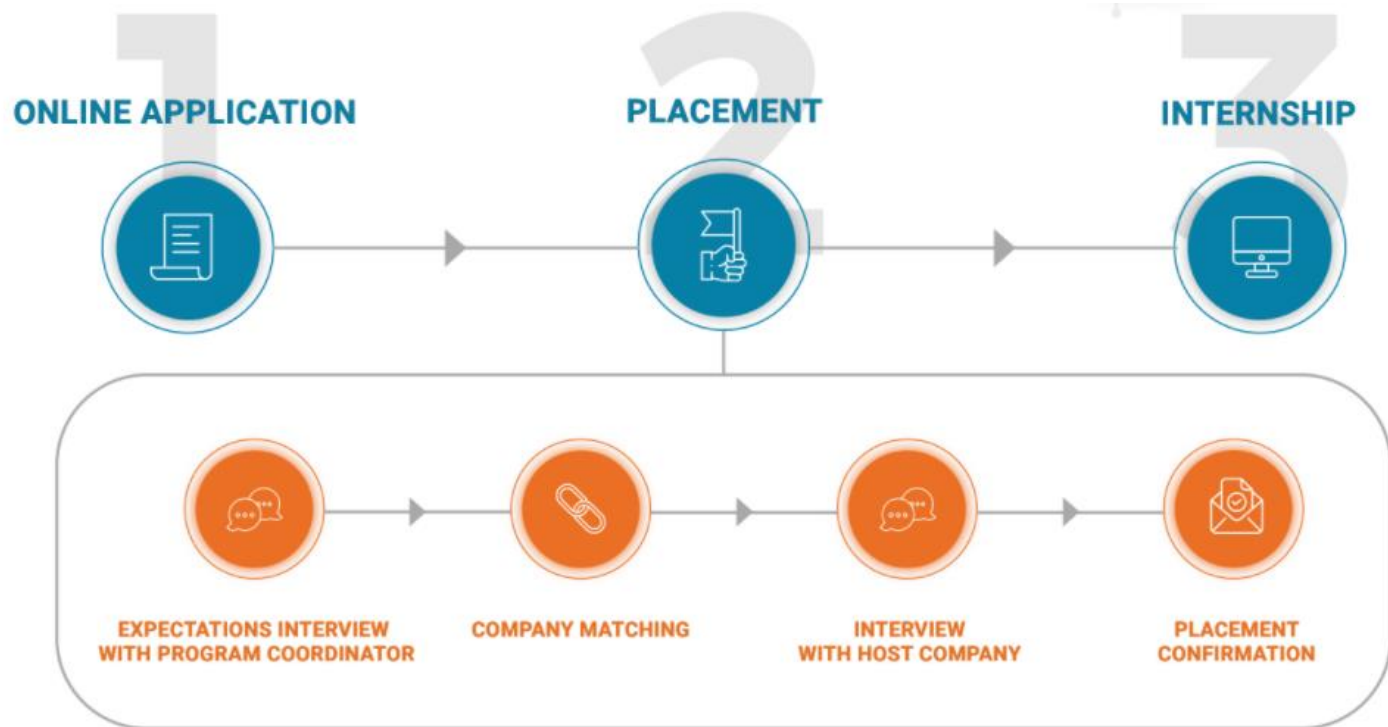

Assist in software/app development projects in IT companies

Analyze data to support various projects

Other tasks depending on the companies

INTERNSHIP PLACEMENT PROCESS

1. Online Application: FPT receives student's information, internship preference and CV/resume

2. Matching process:

- **Step 1: 1-1 Expectation meeting between FPT's Coordinator and student:** Student shares with FPT their interest, expectation, internship preference, skills, capabilities, etc.

- **Step 2: Company Matching:** FPT's Coordinator match student's information with some potential positions and companies.

- **Step 3: Interview with companies:** Student and potential company representatives have interview to explore each other.

- **Step 4: Placement confirmation**

+ If student matches with company demand -> company sends an offer to students (Project Description) -> Student confirm the offer or not.

+ If student doesn't match with company demand or doesn't confirm the offer -> FPT arranges another interview with another company for students

3. Internship: after confirming offer, student starts internship.
